

## How to add Paragon Mobile to your Smartphone's Home Screen

To add Paragon Mobile to your smartphone's Home Screen, please do the following.

1. In the browser of choice, type the following address:  
<http://tsierra.mobile.paragonrels.com>
2. On your smartphone's screen, you should find an icon that will allow you to bookmark a web address, save a picture to your smartphone and other sharing options, tap on it.
3. Tap the icon to add the web address to your Home Screen.

That should add an icon to your Home Screen for Paragon Mobile.

When you tap on that icon, you should go to the login screen shown below. Typically, your smartphone will remember your login credentials. So, when you tap the Paragon Mobile icon, you are automatically logged into Paragon Mobile and Paragon's data.
