

Introducing VoicePilot™

Complete C.A.R. forms by voice. No laptop required.

You asked for it, and Ethica built it: VoicePilot™.

It works the way you do by speaking naturally to draft C.A.R. forms (offers, BRBCs, AVIDs, and more) right from your phone.

There's no app to download. No new software to learn. Just call in and complete C.A.R. forms by voice.

Here's a short video:
